PRESS RELEASE 1 September 2010

NSCC Increases Benefits of Membership

NSCC has expanded the range of services provided to Specialist Contractors to ensure that they are uniquely placed for success over the coming year.

By joining forces with five new service providers, NSCC can now offer the following services in addition to its current business support:

- Enhanced CRB checks for employees from Capita Recruitment Vetting Service (CRVS)
- Credit referencing services from Checkit
- An online credit forum providing access to information about customers trading outside of agreed payment terms from Creditlook
- Cost effective solutions for vehicle fleet procurement, operation and servicing from Fleet Department
- On site photography for use in presentations, corporate literature and tender documents from In-Press.

NSCC will continue to focus on the four key business issues of fair payment, pre-qualification, sustainability and training as it strives for a more efficient industry in which all members of the supply chain can flourish.

With the Association of Ductwork Contractors and Allied Services (ADCAS) and the Road Safety Markings Association (RSMA) joining in the new NSCC membership year starting on 1 September 2010, NSCC now has 32 member organisations and is recognised as the voice of Specialist Contractors by Government and other key stakeholders within the construction industry.

NSCC Chief Executive Suzannah Nichol MBE explains why NSCC membership is increasingly valuable:

“The start of a new membership year is always an exciting time and that is particularly true this year with even more services on offer for 2010/11. All businesses can benefit from the practical support provided by their trade association and over the next year we will be working hard to support our members so that they can deliver quality, best value and integrated solutions to their clients.”
