PRESS RELEASE **15 December 2009**

MITIE Joins The Builder's Profile

MITIE's interiors business is the latest organisation to sign up to the Builder's Profile as NSCC continues to tackle duplication amongst the industry's pre-qualification systems.

The Builder's Profile is an online service enabling companies to submit the same pre-qualification information to different contractors and clients without filling in a multitude of bespoke questionnaires. For MITIE's interiors team, signing up to the Builder's Profile means that they can accept comprehensive pre-qualification information from their supply chains and access their details instantly at the touch of a button – rather than waiting for paper questionnaires to be completed and returned.

Harry Sharp, Policy and Systems Manager at MITIE's interiors business, confirmed they were pleased to be using the Builder's Profile:

"I always knew that there had to be a smarter way to deal with pre-qualification. We think that the Builder's Profile is the answer and we're looking forward to making significant improvements to our supply chain."

In addition to MITIE, Priest Restoration Ltd, FM Conway Ltd, Dove Construction Ltd and RAP Office Contracts have also recently started using the Builder's Profile to manager their supply chains, and the Contractors Health and Safety Assessment Scheme (CHAS) is now accepting information direct from the Builder's Profile.

Notes to Editors:

1. The National Specialist Contractors Council (NSCC) brings together the common aims of specialist trade organisations within the construction industry and is the authoritative voice of Specialist Contractors in the UK – www.nsc.org.uk.
2. MITIE is the strategic outsourcing and asset management company. We provide everything from strategic consultancy, to world-class delivery on the ground. From long-term infrastructure planning, to facilities management, property and engineering services – www.mitie.com
3. Main contractors can sign up to the Builder's Profile free of charge to satisfy their pre-qualification requirements – www.buildersprofile.co.uk.
4. The Builder's Profile is available to sub-contractors in two versions: the Basic service allows the completion of a new profile for each contractor free of charge, whereas the Premium version enables the creation of one profile which can be used for all contractors.
